*McAfee Multi Access supports all main platforms (Android, iOS, Mac, Windows, with the exception of Windows Mobile) and devices (Smartphones, Tablets, and Laptops/PCs).

Together with 

With McAfee Multi Access you can be sure that -

- Set up is easy with no upfront costs and a single monthly fee
- Auto back-up that's easy to restore to keep everything safe and secure
- Online management for adding devices
- Always up-to-date with the latest information
- Flags untrustworthy websites and changes in WiFi connection before you enter
- Works on all browsers including Safari, Internet Explorer, Chrome and Firefox
- Stops spam and phishing emails and encrypts data
- Doesn't drain battery
- If a smartphone or tablet is lost or stolen, it can be found, locked and wiped, customers can also take a picture of the person trying to open it, send them a message or make the device scream
- Puts all passwords in one place so customers only have to remember one
- Works on iPhones and iPads too.

Terms and conditions: The 90 days free protection is available until 31st March 2015. This promotion is limited to 10 licenses, making a saving of £90.00 however, additional licenses can be purchased for just £3.00 a month. If you wish to cancel your license you are required to give 02 30 days notice. E&OE.
